## Portable Liquid Cylinder Repair

*Cyl-Tec* can save you time and money with your next portable liquid cylinder repair.

*Cyl-Tec* can repair and refurbish your stainless steel and mild steel portable liquid cylinders to original factory performance and appearance.

Our cost effective standard services include:

- N.E.R (normal evaporation rate) test to determine vacuum status
- Helium mass spectrometer leak testing
- Repair external damage
- Repair vacuum leaks
- Shot blast, prime and paint mild steel cylinders
- Clean and machine polish stainless steel cylinders
- Reestablish vacuum to factory specifications
- Repair and replace defective plumbing
- Final N.E.R. test to determine proper operation
- Recalibrate liquid level gauge
- Install proper decals and labels

*Cyl-Tec* repairs all major brands of portable liquid cylinders.

*Cyl-Tec's* vacuum repair is warranted for two years.
